GROWER CHAMPAGNE

Traditionally, champagne was mostly produced by a relatively small number of well-known 'houses', which purchased grapes from growers throughout the region. Recent years have seen many growers produce their own wines from their own vineyards and villages, creating distinctive and often sublime quality wines.

SUPER TUSCANS

ITALY

'Super Tuscan' is a term used to describe red wines from Tuscany that may include non-indigenous grapes, particularly Merlot, Cabernet Sauvignon, and Syrah. The creation of Super Tuscan wines resulted from the frustration winemakers had towards a slow bureaucracy in changing Italy's wine laws during the 1970s, so they began mixing 'unsanctioned' varieties into their blends to make high-quality wines.
